### Launching Policy

**If you are not a slip owner and your boat is being launched by a crane service at our launching area we ask that you provide us with the following:**

1. A copy of liability insurance on the boat must be received by Eagle Bend Yacht Harbor **before** the boat is launched.
2. A Crane Launching Release Form must be completed and signed.
3. A \$50.00 launching fee will be charged.
4. In the event the weather will not allow you to traverse the lake to your final destination, you must check with our attendant to have a slip assigned for an overnight stay. You will be charged the daily fee until the boat is able to leave the marina.
